2022-25 TOYOTA TUNDRA 4WD 6" LIFT KIT

Take your Tundra to the next level with Pro Comp's 6" Lift Kit – engineered for strength, performance, and style. This kit features all-new high-strength extended steering knuckles and precision laser-cut crossmembers for unmatched durability and control. Rigorously tested to meet and exceed FMVSS standards, this lift ensures peak performance and safety on and off the road. Plus, the new monotube rear shocks and upper strut spacers are designed to maintain that smooth, factory ride quality you love.

KEY FEATURES & BENEFITS

- **Built for Strength** – High-strength extended steering knuckles for unmatched durability.
- **Precision Engineering** – Laser-cut crossmembers ensure perfect fit and superior control.
- **Tested for Safety** – Meets and exceeds FMVSS standards for peak performance and safety.
- **Smooth Ride** – New monotube rear shocks and upper strut spacers maintain your factory smoothness while boosting your off-road capabilities.
- **Stylish and Bold** – Enhance the look of your Tundra with this aggressive, high-performance lift kit.

NOTE: This product does not fit Tundra's equipped with Air Ride Suspension
